SUBCONTRACTOR DECLARATION and LIST OF SUBCONTRACTORS

IF THE PROJECT'S SCOPE OF WORK INVOLVES SPECIALTY TRADE CATEGORIES, PLEASE LIST SUBCONTRACTOR INFORMATION AND/OR SUB-SUBCONTRACTOR INFORMATION BELOW.

There shall be submitted proof that each subcontractor is qualified in accordance with the rules and regulations of the State of New Jersey when such rules and regulations exist.

Each Bidder shall set forth in the Bid, the names, addresses and license numbers (when required) of each subcontractor for the furnishing of plumbing and gas fitting, and all kindred work, and of the steam and hot water heating and ventilating apparatus, steam power plants and kindred work, and electrical work, structural steel and ornamental iron work, if any, for the construction, alteration or repair of any public buildings.

A General Contractor that intended to utilize a specific subcontractor to perform work in one or more of the specialty trade categories shall provide the required information with regard to that subcontractor in the appropriate space for each specialty trade category applicable to the contract.

All Bidders seeking to perform plumbing work on a publicly bid contract are required to comply with N.J.S.A. 45:14C-2 and N.J.A.C. 13:23-1.3. These provisions require that plumbing work on such contract may only be performed by an entity in which a licensed master plumber owns not less than 10% of the issued and outstanding shares of stock in the corporation, or not less than 10% of the capital of the partnership, or not less than 10% of the ownership of any other legal firm or legal entity. Accordingly, if a Bidder intends to perform plumbing work on a publicly bid contract with its own employees or by the Bidder himself, a master plumber must possess an ownership interest that complies with N.J.S.A. 45:14C-2 and N.J.A.C. 13:23-1.3 in the entity submitting the bid. Alternately, if a Bidder intends to perform such work through a subcontractor, a master plumber must possess an ownership interest that complies with N.J.S.A. 45:14C-2 and N.J.A.C. 13:23-1.3.

If the project's scope of work involves specialty trade categories, the General Contractor that intends to perform work in one or more of the specialty trade categories through the use of its own employees or the General Contractor himself rather than through the utilization of a subcontractor shall write the words "IN-HOUSE" next to each applicable category and then insert the name, and the license number where required, of each such employee of the General Contractor or the General Contractor himself in the appropriate spaces for each specialty trade category applicable to the contract.

If the contract does not involve any of the specialty trade categories, please write the word "NONE" in the appropriate space provided.
