"This project is supported by grant 90SAPG0098 from the U.S. Administration for Community Living."

IMPORTANT:

WHAT TO BRING with you to your OPEN ENROLLMENT appointment?

- You will need to know the name of the plan you currently have (not just the company) but the name of your plan. Cards don't always say this so you will need to call the company and ask the name of your plan if the card does not say.
- Otherwise, you will need to know how much you pay on a monthly basis in order to determine what plan you have.
- Above information will aid in providing a comparison of costs between your current plan and a lower cost plan to determine what plan best fits your needs.

PART D PRESCRIPTION -

- You will need a written list of ALL prescription medication(s) you take.
- What pharmacy you use
- The name, milligrams and how frequently you take your medications.
- This is to determine what prescriptions (if any/all) the plan will cover.
