REQUEST FOR COUNCIL ACTION

Date of Request: August 13, 2025

Initiated By: Sgt. Walter Silcox

Division/Department: Police

ACTION REQUESTED/ EXECUTIVE SUMMARY: Introduction and subsequent Adoption of an Ordinance to Establish CHAPTER 166 ENTITLED "TOWING AND STORAGE OF VEHICLES" OF THE CODE OF THE TOWNSHIP OF WEST WINDSOR (1999).

The Ordinance establishes a requirement and procedure for registration of individuals and entities interested in being included on the Official Towing List (OTL). The OTL applies to all vehicle towing and storage operations within West Windsor Township (WWT) that occur at the initiation of the WTT Police Division. The owner or operator of a motor vehicle may request a towing operator of his or her choice or a towing operator from another municipality. However, the police officer at the scene decides if a tower is dispatched from the OTL because of the following: the tow operator to be summoned cannot arrive at the scene within a reasonable time period, or does not have the proper equipment to clear the scene and the safety of persons and or motorists may be jeopardized. Towing companies are dispatched on a rotating basis to tow and store vehicles the Police impound; damaged in a crash; disabled/inoperable; and illegally parked.

To be registered towing companies must comply with requirements and specifications including adequate equipment and facilities; availability and response time; liability insurance coverage; charging towing and storage rates and fees per the ordinance; complying with rules and regulations; and record keeping.

The Ordinance also establishes maximum rates and fees for towing and storage of vehicles. The New Jersey Predatory Towing Prevention Act (N.J.S.A. 56:13-1 et seq.), amended in 2023, requires towing companies to charge reasonable rates based on a rate schedule that is established by the municipality. The Traffic Sergeant recommends the Police Division adopt the New Jersey State Police (NJSP) Rates Chart (located on the Garden State Towing Association Inc. website <https://gsta.org>). Towing companies engaged in towing and storage of vehicles for the West Windsor Police shall not charge a rate in excess of the enumerated rates. The tariffs are annually recalculated based on a random sampling of reasonable rates utilized by commercial and municipal towers. The NJSP finds the average rate per category based upon the Association's census is reasonable and acceptable.

MEMORANDUM

TO: Marlena Schmid, Business Administrator

FROM: Sgt. Walter Silcox #487 - WWPD Traffic Sergeant

RE: Request for a Township Ordinance

On August 7, 2023, acting Governor Nicholas Scutari signed into law S-3374, which concerns fees charged for certain towing and storage of motor vehicles and amends the Predatory Towing Prevention Act. The new law amends NJSA 56:13-16 to require towing companies to charge reasonable fees based on a fee schedule that is established by the municipality.

Currently West Windsor Township does not have an ordinance that sets a guideline or rate schedule for towing companies to follow. I am requesting that West Windsor Township adopts an ordinance that encompasses a set rate schedule for towing and towing related services that are provided by township approved towing companies. This ordinance should also mandate that all township approved towing companies follow the rules and regulations set forth in the New Jersey Predatory Towing Prevention Act. I believe it would be in the township's best interest to follow the NJ State Police Rate Chart. The NJSP towing Rate Chart can be found on the Garden State Towing Association Inc. web page (<https://gsta.org>). The tariffs are annually recalculated based upon a random sampling of reasonable fees utilized by commercial and municipal towers. The NJSP has determined that the average rate per category based upon the Association's census is reasonable. I have attached a copy of the Maximum NJ State Police Rates to this memo.

West Windsor Police Policy 4:16, Towing Procedure, provides a uniformed method for the handling of vehicles towed at the discretion of the police department. This policy also assures that the public receives the best possible service and only qualified tow truck owners / operators are authorized to tow vehicles. A copy of this policy is also attached to this memo.

I have reviewed the New Jersey Predatory Towing Act and the amendments recently signed into law. I have attached copies of both to this memo. Furthermore, this proposed ordinance has been reviewed and agreed upon by the Attorney representing the Township of West Windsor. If you have any questions please don't hesitate to reach out to me. I look forward to hearing from you.

Respectfully,

Sgt. Walter Silcox #487

- a. If a motor vehicle operator or owner wishes to have his vehicle towed by a particular towing company, their request shall be honored, providing the police officer in charge at the scene has not already dispatched a towing company or the police officer has determined that the motor vehicle in question will not be removed in an expeditious or safe manner and will jeopardize the public safety, in which case the motor vehicle operator or owner shall be required to utilize a compensated dispatched towing company.

An operator who either responds to a call for assistance from a motorist with an inoperable vehicle or who offers to transport or repair the vehicle of such a motorist shall comply with any reasonable request of the motorist either to repair the vehicle or to transport it to a site where the repair may be made.

L.2002,c.67,s.2.

56:13-3. Transport, repair; payment rights of operator, motorist.

be deemed an acceptable form of payment in lieu of cash if the operator ordinarily accepts the card at his place of business. Nothing in this act shall preclude payment by a motorist in the form of check or money order, if this form of payment is acceptable to the operator.

L.2002, c.67, s.4; amended 2007, c.193, s.21.

56:13-7. Short title.

This act shall be known and may be cited as the "Predatory Towing Prevention Act."

56:13-8. Findings, declarations relative to towing, towing operators.

The Legislature finds and declares that:

- a. While the majority of tow truck operators in New Jersey are reputable service providers, some unscrupulous towers are engaged in predatory practices victimizing consumers whose vehicles are parked on public streets and private property;
- b. Predatory towing practices include charging unwarranted or excessive fees, particularly in connection with towing vehicles from private parking lots which do not display any warnings to the vehicle owners, or overcharging consumers for towing services provided under circumstances where the consumer has no meaningful opportunity to withhold consent;
- c. The legitimate business interests of tow truck operators and the needs of private property owners for relief from unauthorized parking must be balanced with the interest in providing appropriate protection to consumers;
- d. Whatever authority exists in the law to regulate towing and towing companies is fragmented among various State agencies and local governments, so that inconsistent or inadequate regulation often results, with insufficient recourse provided under the law; and
- e. Therefore, it is in the public interest to create a coordinated, comprehensive framework to establish and enforce minimum standards for tow truck operators.

L.2007, c.193, s.2.

56:13-9. Definitions relative to towing, towing operators.

This term shall not include the towing of a motor vehicle that has been abandoned on private property in violation of section 1 of P.L.1967, c.305 (C.39:4-56.5), provided that the abandoned vehicle is reported to the appropriate law enforcement agency prior to removal and the vehicle is removed in accordance with section 1 of P.L.1973, c.137 (C.39:4-56.6).

AN ACT concerning fees charged for certain towing and storage of motor vehicles and amending P.L.2007, c.193 and N.J.S.2A:44-21.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 10 of P.L.2007, c.193 (C.56:13-16) is amended to read as follows:

C.56:13-16 Unlawful practices, towing company.

10. It shall be an unlawful practice for any private property towing company or for any other towing company that provides non-consensual towing services:

a. (Deleted by amendment, P.L.2009, c.39)

b. (Deleted by amendment, P.L.2009, c.39)

c. (Deleted by amendment, P.L.2009, c.39)

d. To give any benefit or advantage, including a pecuniary benefit, to any person for providing information about motor vehicles parked for unauthorized purposes on privately owned property or otherwise in connection with private property towing of motor vehicles parked without authorization or during a time at which such parking is not permitted;

e. To fail, when so requested by the owner or operator of a vehicle subject to non-consensual towing, to release a vehicle to the owner or operator that has been, or is about to be, hooked or lifted but has not actually been moved or removed from the property when the vehicle owner or operator returns to the vehicle, unless the vehicle subject to non-consensual towing has been authorized to be towed by a law enforcement officer of this State, or any political subdivision of the State, while in the actual performance of the officer's duties and as deemed appropriate for public safety, or to charge the owner or operator requesting release of the vehicle an unreasonable or excessive decoupling fee. Such a fee shall be presumptively unreasonable and excessive if it exceeds by more than 25 percent, or a different percentage established by the director by regulation, the usual and customary decoupling fee charged by the towing company for a vehicle subject to consensual towing, or if it exceeds by more than 50 percent, or a different percentage established by the director by regulation, the usual and customary decoupling fee charged for vehicles subject to non-consensual towing by other private property towing companies operating in the municipality in which the vehicle was subjected to non-consensual towing;

f. (1) To charge a fee for a private property or other non-consensual towing or related storage service not listed on the schedule of services for which a fee may be charged as established by the director except as may be permitted by the director by regulation; or

(2) To charge an unreasonable or excessive fee;

g. To refuse to accept for payment in lieu of cash or an insurance company check for towing or storage services a debit card, charge card or credit card if the operator ordinarily accepts such card at his place of business, unless such refusal is authorized in accordance with section 4 of P.L.2002, c.67 (C.56:13-4); or

h. To monitor, patrol, or otherwise surveil a private property for the purposes of identifying vehicles parked for unauthorized purposes and towing a motor vehicle parked for an unauthorized purpose from such private property without having been specifically requested to tow such vehicle by the owner of the property.

i. Nothing contained in any provision of the "Predatory Towing Prevention Act," P.L.2007, c.193 (C.56:13-7 et seq.) shall be construed to prevent a towing company from charging a reasonable fee for storage of a vehicle that has been subject to non-consensual towing authorized by a law enforcement officer of this State or by any political subdivision of this State. Nothing contained in any provision of the "Predatory Towing Prevention Act," P.L.2007, c.193 (C.56:13-7 et seq.) shall be construed to prevent a towing company from charging fees for non-consensual towing or related storage services in accordance with a duly-authorized fee schedule established by a municipality or other political subdivision of this State with respect to a vehicle that has been subject to non-consensual towing authorized by a law enforcement officer of this State or the political subdivision,

and there shall be a rebuttable presumption that fees charged in accordance with a fee schedule are not unreasonable or excessive.

A towing company shall only require that reasonable fees charged in accordance with a duly authorized fee schedule established by a municipality or other political subdivision of this State for towing, authorized by a law enforcement officer of this State or by a political subdivision of this State, or related storage services be paid by the operator, owner, lessor, or lienholder of the vehicle prior to the towing company's release of the vehicle. In the event the owner or operator of the vehicle defaults on payments to the lessor or lienholder of the vehicle, the lessor or lienholder shall be responsible for these reasonable towing and related storage fees.

Notwithstanding the provisions of P.L.1964, c.81 (C.39:10A-1 et seq.), or any other law, rule, or regulation to the contrary, a towing company shall notify the operator, owner, lessor, and lienholder of a vehicle that has been subject to non-consensual towing, authorized by a law enforcement officer of this State or a political subdivision of this State, and related storage services within 30 days of the vehicle being towed and arriving at the towing company lot. If a towing company fails to notify the operator, owner, lessor, and lienholder of the vehicle within 30 days, the towing company may charge a maximum storage fee of \$750, and the towing company shall be responsible for all additional towing or related storage services.

Notwithstanding any provision of this subsection to the contrary, the maximum liability for storage fees for matters pending prior to the date of enactment of P.L.2023, c.132, shall not exceed \$5,000. Towing fees for matters pending prior to the date of enactment of P.L.2023, c.132 shall not be subject to any fee limitation, provided that such fees remain reasonable and are charged in accordance with a duly authorized fee schedule established by a municipality or other political subdivision of this State.

For the purposes of this subsection, non-consensual towing shall be considered to be authorized by a law enforcement officer of this State or a political subdivision if the law enforcement officer or an agent or employee of the political subdivision initiates, directs, orders, or requests the non-consensual towing of the vehicle; and a municipal fee schedule shall be considered duly authorized if it has been established by municipal ordinance or resolution or by contract between the municipality and the towing company which conforms to the requirements of the "Local Public Contracts Law," P.L.1971, c.198 (C.40A:11-1 et seq.) and any related regulations.

2. N.J.S.2A:44-21 is amended to read as follows:

Garage keeper liens; detention of vehicles; notice; priority.

2A:44-21. A garage keeper who shall tow, store, maintain, keep, or repair a motor vehicle or furnish gasoline, accessories or other supplies therefor, at the request or with the consent of the owner or the owner's representative, or at the request of a law enforcement officer of this State or any political subdivision of this State, shall have a lien upon the motor vehicle or any part thereof for the sum due for such towing, storing, maintaining, keeping, or repairing of such motor vehicle or for furnishing gasoline or other fuel, accessories or other supplies therefor, and may, without process of law, detain the same at any time it is lawfully in his possession until the sum is paid. A motor vehicle is considered detained when the owner or person entitled to possession of the motor vehicle is advised by the garage keeper, by a writing sent by certified mail return receipt requested to the address supplied by the owner or person entitled to possession of the motor vehicle, that goods or services have been supplied or performed, and that there is a sum due for those goods or services.

The lien shall not be superior to, nor affect a lien, title or interest of a person held by virtue of a prior conditional sale or a prior chattel mortgage properly recorded or a prior security interest perfected in accordance with chapter 9 of Title 12A of the New Jersey Statutes.

A garage keeper shall only require that reasonable fees, charged in accordance with a duly authorized fee schedule established by a municipality or other political subdivision of this State for non-consensual towing, authorized by a law enforcement officer of this State or by a political subdivision of this State, or for related storage services be paid by the

operator, owner, lessor, or lienholder of the vehicle prior to the towing company's release of the vehicle. In the event the owner or operator of the vehicle defaults on payments to the lessor or lienholder of the vehicle, the lessor or lienholder shall be responsible for these reasonable towing and related storage fees.

3. This act shall take effect immediately but shall be retroactive to October 18, 2008.

Approved August 7, 2023.
